

AKKERSTOR

THE NEXT GENERATION PROBIOTIC FOR GLP-1 SUPPORT

Designed to Support Your GLP-1 Journey

Akkermansia Muciniphila 2B CFUs + Inulin 780mg

Akkerstor is a next generation probiotic containing Akkermansia Muciniphila and Inulin. Akkerstor supports GLP-1 release through multiple mechanisms involving interactions with intestinal L-cells. Akkerstor supports weight loss through supporting GLP-1 secretion leading to less cravings. Akkerstor supports the immune system and intestinal integrity through AMUC_1100, a pili-like protein, interacting with TLR2 and TLR4.

Supports Natural GLP-1 Release

Helps Manage Healthy Weight

Supports Intestinal Barrier Integrity

Supports Gut Health & Regularity

Helps Reduce Cravings

Promotes Fullness
