

# AKKERSTOR CAPSULES

**Akkermansia Muciniphila** is a clinically studied gut bacterium associated with improved intestinal barrier function, modulation of metabolic signaling pathways, and support of glucose homeostasis and cardiometabolic health.

**Inulin** is a well-characterized prebiotic fiber that selectively promotes the growth of beneficial intestinal bacteria, improves probiotic viability and colonization, and supports gastrointestinal function and metabolic regulation.

**Per Serving:**

Akkermansia Muciniphila  
2 billion CFUs

Inulin 780 mg

**COPAY ASSISTANCE UP TO \$75/BOTTLE**

**BIN:** 610600  
**PCN:** AS  
**ID:** 91700087485
