30 capsules

High-Potency B-Complex

Provides essential B vitamins (B1, B2, B3, B5, B6, and B12) to support energy production, nervous system function, and cellular metabolism.

Iron & Blood Support

Contains iron (as ferrous fumarate) to support hemoglobin production, oxygen transport, and red blood cell formation.

Folic Acid & Biotin

Delivers folate for DNA synthesis and RBC production, along with biotin to support cellular metabolism and nutritional balance.

Essential Minerals & Vitamin D3

Includes Vitamin D3, magnesium, zinc, and copper to support bone health, immune function, and overall metabolic support.
